ORDER:

In terms of Chapter II & III of the RFCTLARR Act, 2013, 1st read above, whenever the Government intends to acquire land for a public purpose, Social Impact Assessment (SIA) study should be carried out in the affected area in consultation with respective local body.

2. In the reference 4th read above, the Executive Director (R), NTPC Limited, RSTPS has stated that M/s NTPC is in urgent need of certain small extents of lands for Ramagundam expansion project (Telangana STPP of 2X800 MW) and the same is to be acquired by invoking the provisions of RFCTLARR Act, 2013. Most of the lands to be acquired are agricultural lands situated at Malkapur village, Ramagundam Mandal, Peddapalli District and does not involve displacement of people. Process under Chapter II of RFCTLARR Act, 2013, mainly Social Impact Assessment Study (SIA) by a Committee of about six members and appraisal of Social Impact Assessment by Expert Group is cumbersome and time consuming, due to which land acquisition may be delayed for months/years. In view of small extents of lands due to acquire for laying pipe lines, there will be not be significant social impact.

3. In light of the above, the NTPC while referring Telangana State Land Acquisition (Consent Award, Voluntary Acquisition and Lump sum payment towards Rehabilitation and Resettlement) Rules, 2017 issued in G.O.Ms.No.120, Revenue Department, dated 30.06.2017, has stated that construction work of Telangana STPP (2 x 800 MW) is in progress and expected to be completed by Dec' 2019. Ash from this project will be disposed for Singareni mine (SCCL) voids filling for which NTPC have identified the route through which the pipe line will pass. The total length of pipe corridor is 7.0 km (approx). Major portion of pipe corridor falls in NTPC land and SCCL land. Private land for pipe corridor is to be acquired for a length of 1.5 km and width of 50 meters (approx). The following small extents of private lands are to be acquired under RFCTLARR Act, 2013 and NTPC is seeking exemption from SIA study.
